

## Just Ask Clyde

*(Editors note: Clyde is out this month undergoing experimental shock therapy. This letter is from Clyde's Archives)*

Dear Clyde,  
Why are your doors and frames galvanized?

Sincerely,  
Rod Leets

Dear Mr. Leets,  
Thank you for your thought-provoking letter. I trust not too much sleep was lost as you labored over its composition and sentence mechanics.

I shall attempt an answer in two parts: The first part of the question is "Why?". Philosophers through the ages have pondered that question. Plato, Aristotle and other great minds have all pondered the question "Why?", yet you expect me, a man of modest education to be able to answer a question so deep, so profound as to befuddle the greatest minds of History???? Please, let's leave Philosophy to the PhDs and move on to the second part of the question.

"Are your frames and doors galvanized?"

Yes.

For verification and more information on galvanization, [click here](#). You can also follow the links on our website for this and other valuable information about our products at [www.SteelDor.com](http://www.SteelDor.com)

For further information on things philosophical - Google is your friend.

Only Slightly Respectfully,  
Clyde Turbeaux
